

INGREDIENT	INCI NAME	COLOR	CERTIFICATES / COMPLIANCE	BENEFITS			
		The colors are illustrative. Request samples.			Hair care	Skin care	Cosmetic product
Tersil COR Sparclay SOR	Kaolin	Rose 	   	Improves foaming volume and stability; Co-surfactant.	SPF Booster effect +26%; Anti-pollution; Improves skin barrier homeostasis.	Photostable colors; Promotes gel and emulsion stability; Improves dry sensory; Reduces tackiness; Natural pH 4.5 - 6.0 (Skin and Hair compatible; Promotes buffer effect).	
Tersil CB Sparclay SB	Kaolin	Black 	   	Thermal Protection (48% less broken hair); Co-surfactant; Improves foaming volume and stability.	Antimicrobial activity; Anti-pollution; Improves skin barrier homeostasis.		
Tersil CBV Sparclay SBV	Kaolin	Beige 	   	Co-surfactant; Improves foaming volume and stability.	Whitening effect (inhibits the synthesis and release of melanin); Anti-pollution; Improves skin barrier homeostasis.		
Tersil CDR Sparclay SDR	Kaolin	Dark Red 	   	-	Anti-pollution; Improves skin barrier homeostasis.		
Tersil CP Sparclay SP	Kaolin	Purple 	   	Co-surfactant; Improves foaming volume and stability.	Antimicrobial activity; Anti-pollution; Improves skin barrier homeostasis.		
Tersil R Sparclay SR	Kaolin	Red 	   	-	Tensor effect + 38% (in vivo); Elasticity + 127% (in vivo); Anti-pollution; Improves skin barrier homeostasis.		
Tersil N	Kaolin	Grey 	   	-	Tensor effect + 24% (in vivo); Elasticity + 97% (in vivo); Anti-pollution; Improves skin barrier homeostasis.		
Tersil G Sparclay SG	Kaolin	Green 	   	Scalp sebum reduction; Co-surfactant; Improves foaming volume and stability.	Reduces Skin Sebum - 29% (in vivo); Antimicrobial activity; Anti-pollution; Improves skin barrier homeostasis.		
Tersil CGY Sparclay SGY	Kaolin	Gold 	   	Cuticle reconstruction (hair pro-aging); Co-surfactant; Improves foaming volume and stability.	Anti-pollution; Improves skin barrier homeostasis.		
Tersil Z Sparclay Z	Zeolite	Green/ Yellow 	   	-	Deodorant Activity (sniff test); Anti-pollution.		
Tersil CBH	Bentonite/ Montmorillonite	Green/ Yellow 	   	Hydrophilic absorption.	High absorption capacity; High CEC capacity; High swelling capacity.	Thickening and suspending agent.	
Cocoa Brown Clay	Kaolin	Brown 	   	Co-surfactant; Improves foaming volume and stability.	Anti-pollution; Improves skin barrier homeostasis.	Photostable colors; Promotes gel and emulsion stability; Improves dry sensory; Reduces tackiness; Natural pH 4,5 - 6,0 (Skin and Hair compatible; Promotes buffer effect).	
White Clay Terramater Sparclay SW	Kaolin	White 	   	Co-surfactant; Improves foaming volume and stability.	Whitening effect (inhibits the synthesis and release of melanin); Anti-pollution; Improves skin barrier homeostasis.		
Kaolin Terramater	Kaolin	White 	   	Co-surfactant; Improves foaming volume and stability.	SPF Booster effect + 26%; Anti-pollution (46% protection); Improves skin barrier homeostasis.		
Facial Quartz Crystal	Silica	Beige 	   	-	Eco-friendly Rounded Scrubs.	Inert.	
Body Quartz Crystal	Silica	Beige 	   	-	Eco-friendly Rounded Scrubs.
